

We Need Our Eyes to See!

This work is funded either in whole or in part by a grant awarded by the
Ohio Department of Health Bureau of Child and Family Health, Save Our Sight Program

We need our eyes to see, how different they can be.

Brown, green, gray and blue.

What color eyes do you have on you?

**When Sammy is happy or sad,
you can see it in his eyes.**

**Can you show emotions like this?
Let's see if you can try!**

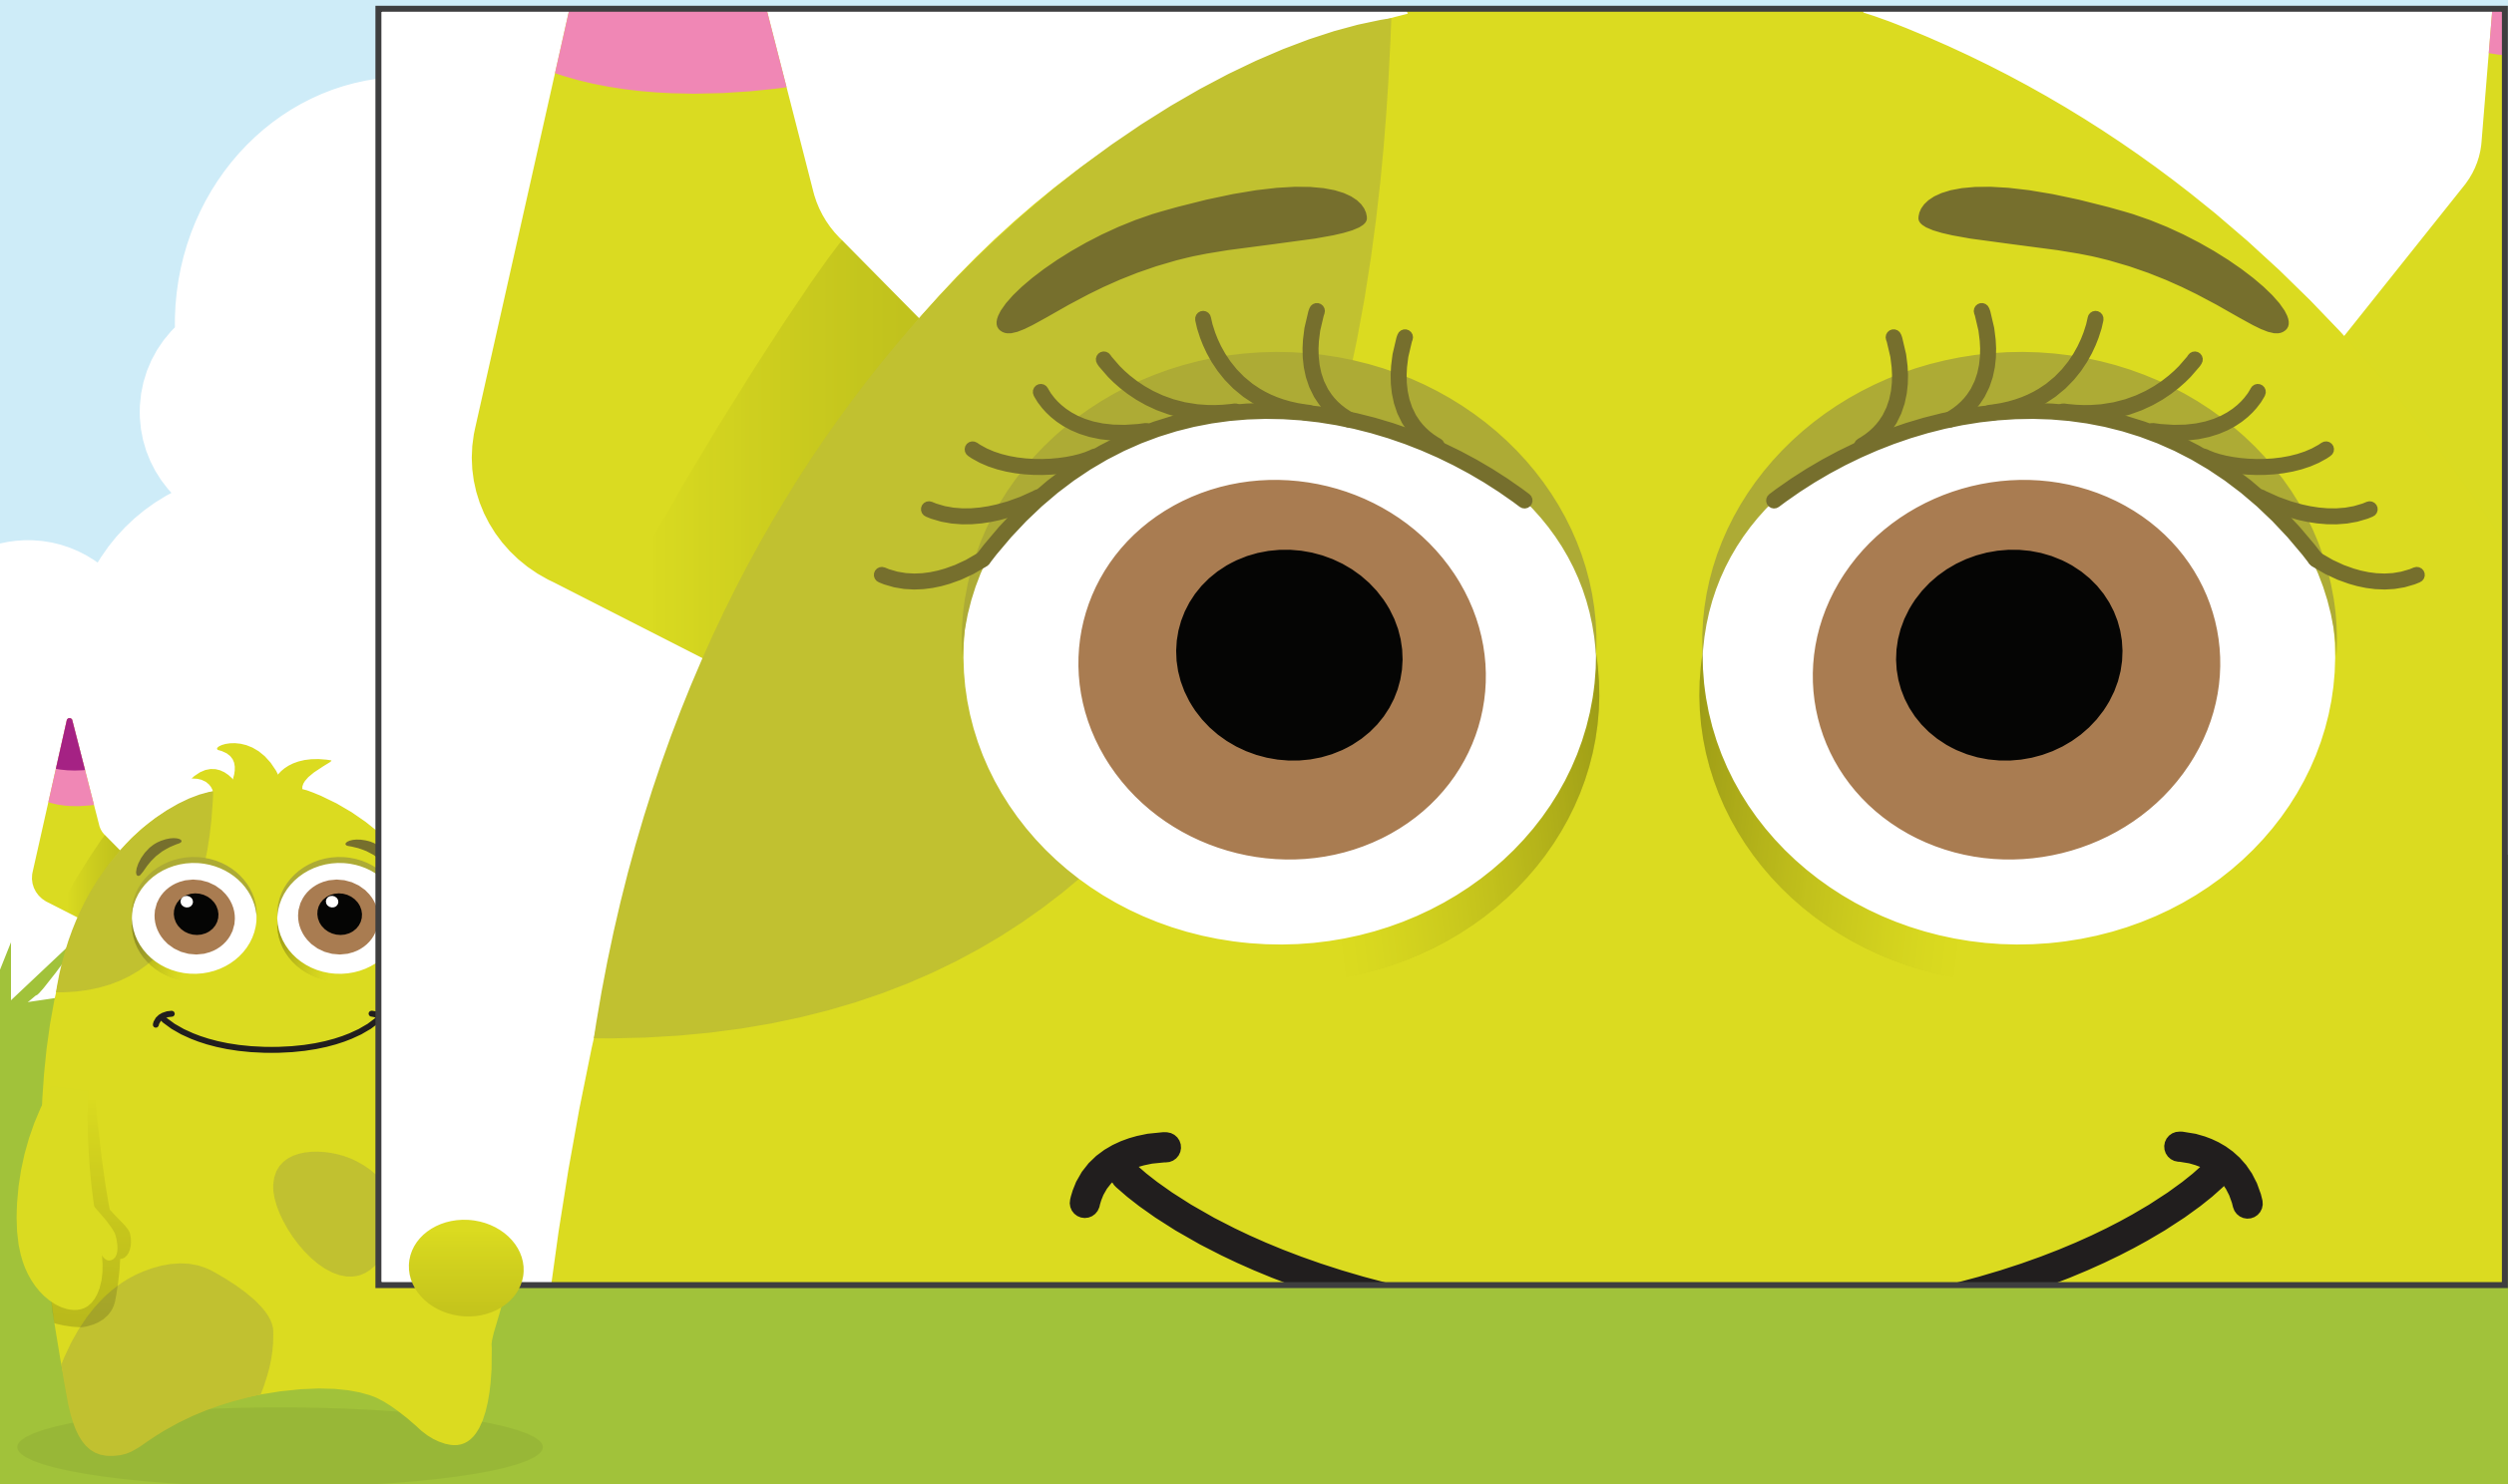

Winking and blinking are fun to do!

**Winking is with one eye,
but blinking is with two!**

Look at Sammy's eyes! So many parts to know.

Let's learn about a few. Ready, set, go!

**Do your eyes see dogs?
Do your eyes see cats?**

Do you even see the spooky bats?

Sammy uses his eyes to learn in school,

and to make drawings that are really cool!

Our eyes help us do lots of things,

like reading about queens and kings.

We use our eyes every day,

even for the silly **GAMES we play!**

Without our eyes, how lost we would be,

we need our eyes to SEE!

Sammy loves to play outside in the sun.

**How should he keep his eyes
safe while having fun?**

Good job! You got it right!

**Sunglasses will help protect
Sammy's sight!**

Let's root for Sammy as he takes a swing!

But he needs to protect his eyes with one of these things.

Yes, a face guard! Way to go everyone!

Now let's hope Sammy hits a homerun!

To celebrate the win, Sammy wants to stay cool.

**How should he protect his eyes
in the pool?**

That's it! Goggles are what Sammy should wear!

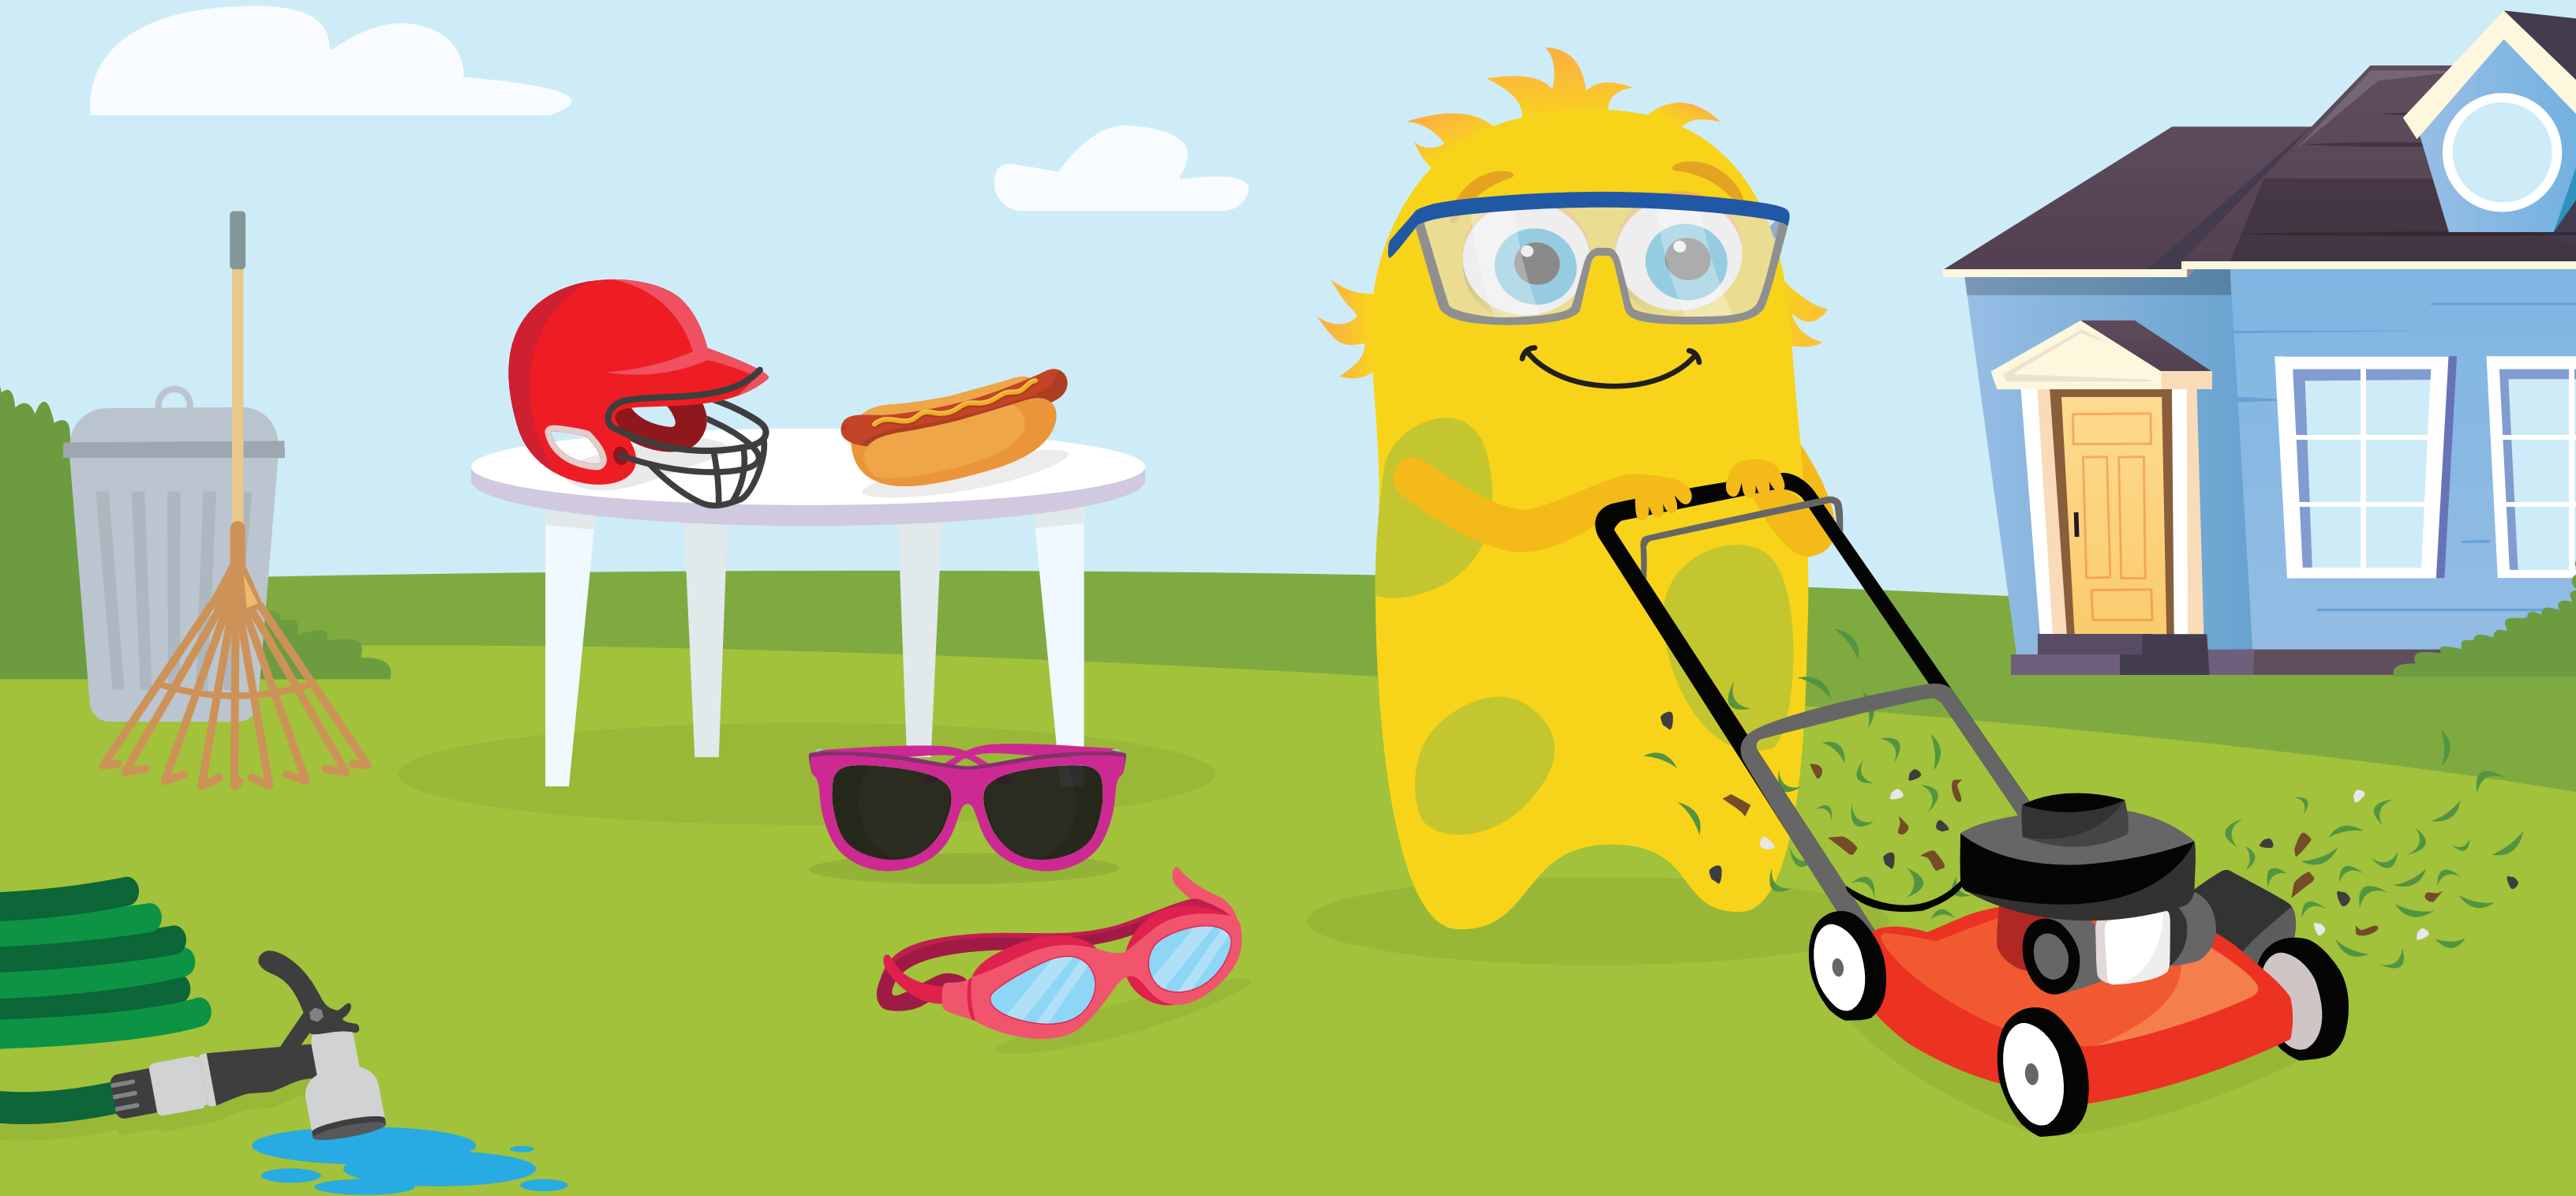

Close your eyes underwater if you don't have a pair.

Back home we see Sammy's dad mowing the lawn.

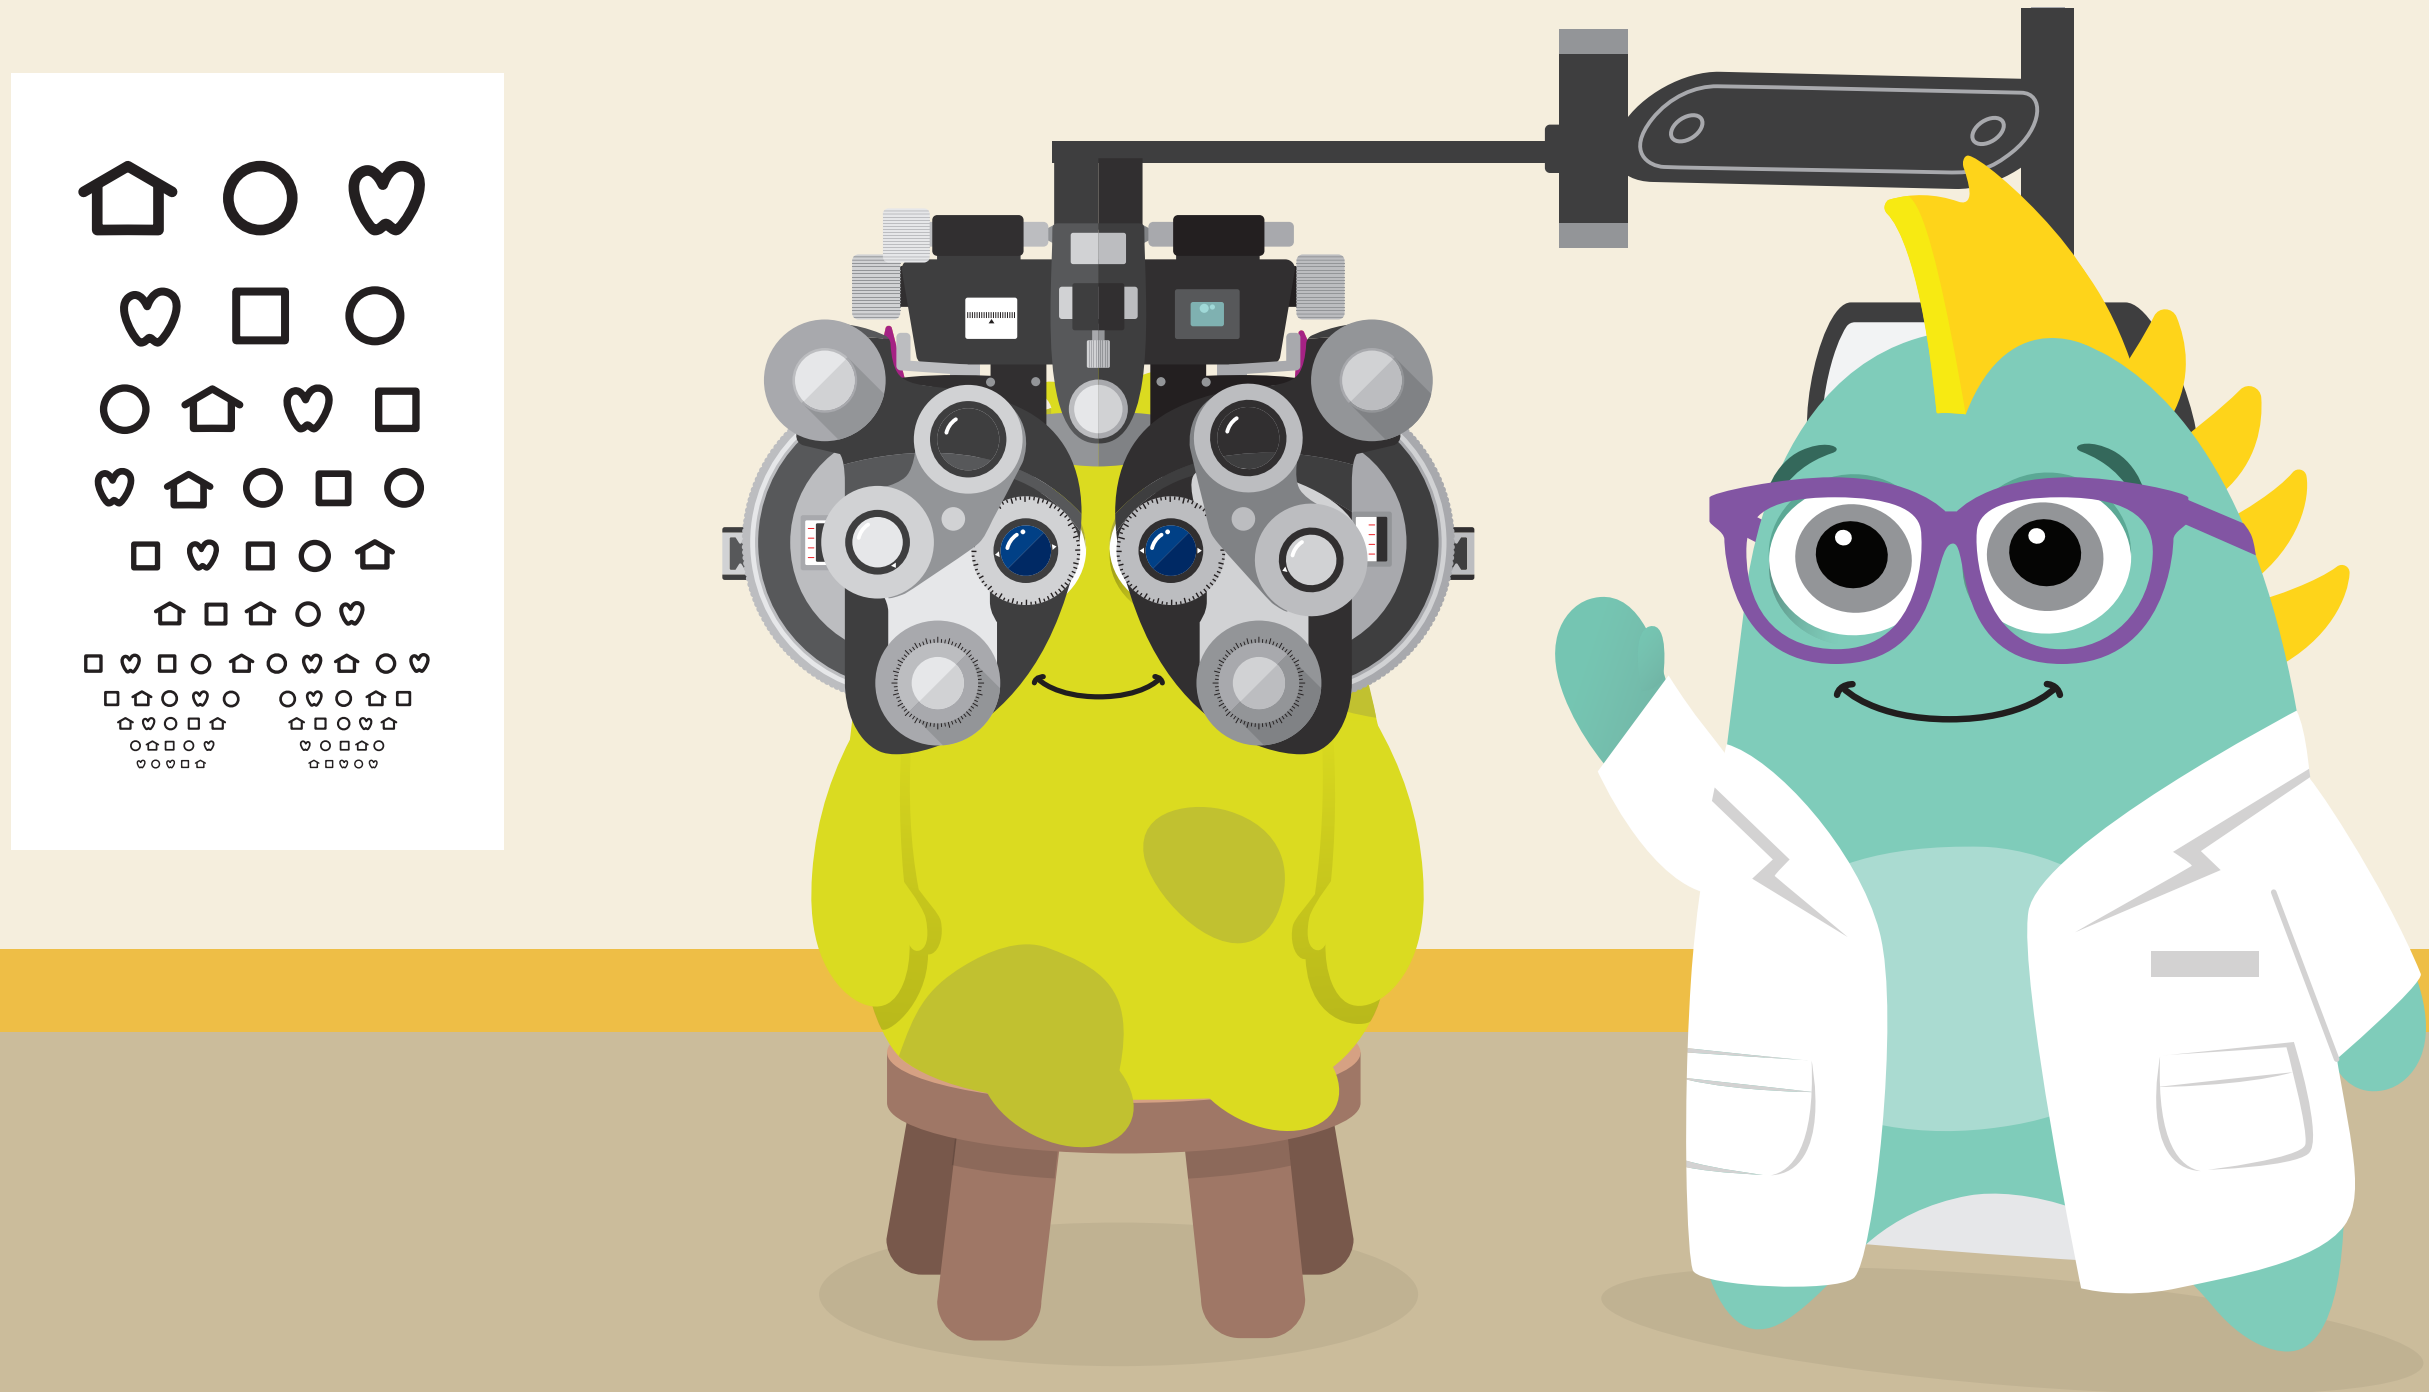

**What kind of eye protection
should he have on?**

Wow! You're such good finders.

Even adults need eye protection reminders.

Sammy's showing us how to keep our eyes healthy in one more way,

by visiting the eye doctor like he is today!

**We need our eyes to read.
We need our eyes to read.
Our ABC's and 123's,
We need our eyes to read.**

**We take care of our eyes.
We take care of our eyes.
We go to see the eye doctor.
We take care of our eyes.**

**We wear our safety goggles.
We wear our safety goggles.
Our eyes are safe and healthy now,
We wear our safety goggles.**
